

*Here's what our clients have to say about working with BridgePoint...*

“BridgePoint has assisted a number of our firm’s clients over the years who found themselves in difficult financial situations during the course of their litigation. A decision to borrow funds against their future settlement proceeds is one we urge our clients make with caution and only after exploring alternatives. Once a decision has been made to borrow, we fully trust the team at BridgePoint to take care in ensuring that any financing solution they offer is appropriate in relation to both our client’s needs and the value of the underlying claim.”

**JAMES HOWIE OF HOWIE, SACKS & HENRY**

“I am taking this opportunity to express my sincere appreciation for the superb service your organization provided. Wrongfully dismissed by an uncaring employer, I was in desperate need of financial assistance in these difficult economic times. Your firm not only assisted in directing me to a competent barrister, who acknowledged the injustice done to me, but provided the financial assistance required to seek appropriate relief in the courts without the burden of having to settle because of a lack of economic resources. Truly, BridgePoint offers the wronged an opportunity to protect themselves from the injustices imposed from a lack of cash. Your service is a powerful tool in the Canadian justice system.”

**CLIENT OF TEPLITSKY, COULSON LLP**

“Your company’s services in providing funding for my client’s action was excellent. The turnaround time was very short and it has relieved a lot of pressure on my clients. Thank you.”

**PARTNER AT LANG MICHENER LLP**

“Two years ago, I was involved in a motor vehicle accident. I suffered serious back and neck injuries which have left me in constant pain. The impact that this accident has had on my life has been devastating. I had always been very secure financially and my wife and I were looking forward to a comfortable retirement in just a few years. The income replacement benefits I received from my insurer weren’t even enough to cover our basic living expenses and were eventually cut off completely. As a result, the retirement savings that my

wife and I had worked our entire careers to accumulate had disappeared. The loan I received from BridgePoint Financial has helped me get through this extremely challenging time. The people I dealt with at BridgePoint were very understanding and knowledgeable about the situation I was facing, and were very professional. Thankfully BridgePoint was there to help me through what has been an exceptionally trying experience.”

**CLIENT OF CHOWN CAIRNS LLP**

“Out of a duty of care for my clients, I have researched all of the litigation lending alternatives and BridgePoint offers the most affordable service by a significant margin... I know from a bad experience what a headache

it is to settle a claim when a client has borrowed too much against their claim, and I appreciate the care taken by your team to avoid such scenarios.”

**DAVID HOLLINGSWORTH OF HOLLINGSWORTH INJURY LAW**

“I would like to take this opportunity to thank you and your staff at BridgePoint for helping me with my financial difficulty. I was collecting disability insurance benefits for nearly three years until the insurance company decided it was time for me to return to work despite medical opinions saying otherwise. I was promptly cut off benefits at that point. It could take years to finalize

a settlement through litigation. Meanwhile money was running out and depression was setting in. I contacted BridgePoint and felt warmth, respect and understanding from everybody that I dealt with. Once I received the loan from BridgePoint I felt a tremendous sense of relief, thankfully there exists a company like yours that helps people like me.”

**CLIENT OF THOMSON, ROGERS**

“Bridgepoint understood the urgency of my loan and acted very quickly to process my application. The staff I worked with went beyond call of duty. Processed my application at the highest priority even worked on my application after hours. I received the funds in less than 48 hours ... Amazing! Thanks again BridgePoint. You guys rock!”

**CLIENT OF LITWINIUK & ASSOCIATES**

“After my accident, I had enough things to worry about. The added stress of monthly bill payments without

an income would have surely been an obstacle to my healing. The people at Bridgepoint Financial were very understanding and quickly provided me with the relief that I needed. I can now concentrate on getting my life back on track and highly recommend their services to anyone in a similar position.”

**CLIENT OF MCLEISH ORLANDO**

“My client received a loan of \$5,000 from you, and she then borrowed \$5,000 from another lender. BridgePoint’s interest was under \$700. For less time on the same amount, the interest was over \$1,600 from the other lender... more than double BridgePoint! Your company has been telling me for years that you are different and now I’m certain of it!”

**AMANDA BAFARO OF PAUL LEE & ASSOCIATES**

“I would like to express my sincerest thanks to BridgePoint Financial. In October 2008, my husband was injured in an automobile accident where the other driver was at fault, hitting my husband while he was stopped. He spent the next two years struggling to keep working as a business owner. During this time, he was in constant pain which forced him to sell the business in 2010. He spent the next year and half not working, trying to accomplish tasks around our home, watching

our financial position become more and more critical by the day, until he was finally able to obtain a part-time job earning minimum wage. However, our financial position became worse, and we ended up in a position of robbing Peter to pay Paul. Miraculously, as we reached the point

of being only days away from having no choice but to file for bankruptcy, his lawyer approached BridgePoint about financing to assist us in getting through until our case was settled. The lawyer did all the work for him, and the process was fast and easy. Within days, we received word from BridgePoint that he qualified for this loan and therefore would not lose everything that he had worked his whole life to achieve! You helped him to gain some self-respect back, and reduce his feelings of worthlessness. You allowed him to hold onto his other major asset, the house that he's worked so hard to own. I'm finally starting to get my husband back! THANK YOU!"

**CLIENT OF KAHLER INJURY LAW**

*"BridgePoint was there for me when I needed them."*

**CLIENT OF GREG MONFORTON & PARTNERS**

"BridgePoint was approached by Findlay Law in Hamilton to obtain a treatment credit line to finance the ongoing costs of care of their client CC, who had suffered numerous fractures, brain injury and psychological trauma in a head-on MVC. The SABS non-catastrophic funding was exhausted in the first year for both medical and rehabilitation benefits and attendant care, but the GCS and the length of time following injury did not permit a CAT application to be made at that time. After an advance of \$52,000 from the tort insurer had been used to fund ongoing treatment needs, the tort insurer refused to advance any more money. BridgePoint provided \$45,000 to cover further costs incurred. As a result of the BridgePoint funding, the client was able to continue making progress, complete a college diploma in recreation therapy and is now working part-time."

**FINDLAY PERSONAL INJURY LAWYERS**

**CLIENT OF BALDWIN PROFESSIONAL CORP.**

"I was hit by a car while cycling and in the hospital for five weeks with multiple skull fractures. I was unable to work, my life was very stressful, my finances were gone and BridgePoint saved the day! I'm thankful that they relieved my financial stress and allowed me to be a little more positive in my recovery. Thanks again."

**CLIENT OF BRONSON JONES INJURY LAWYERS**

“I was in an accident two and a half years ago that changed my life overnight. I was financially secure and working well on my way to paying off school debt and saving for my first house but after my accident I could no longer work and the bills were piling up. Disability benefits do not pay well even at their maximum. A few weeks ago, I decided I needed to get caught up. My

lawyer referred me to BridgePoint based on successful results his previous clients had had. Right from the first email and phone call with BridgePoint I felt the support I needed. They were so friendly and genuine, taking the time to thoroughly answer all of my many questions. Their rates were affordable and they do their own review of supporting medical documents so they can determine an appropriate amount of funding. Once the process was started I had the money I needed in less than a week. This is the first time in the last two and a half years I have felt a sense of ease. The kindness from BridgePoint’s staff is something you notice from start to finish. I thank and appreciate both ladies that helped with my loan and I take comfort in knowing they are there to help. The stress of a legal claim can take such a toll it is great to have a company that doesn’t add to that. Thank you again with my highest recommendations.”

**CLIENT OF HORNE MARR ZAK**

“BridgePoint helped to ensure that we can have hydro and pay our house insurance. My husband and I have lost so much due to this claim. It is nice to know there are people like you who are willing to give a hand when

it’s needed. Thank you again for making this Christmas season a little brighter.”

**CLIENT OF DAVID SHARE ASSOCIATES**

“I was involved in a motor vehicle accident in which I broke my hip, my knee, and shattered my femur. I quickly went through my med/rehab insurance benefits within one year and could not continue the necessary rehab or buy the equipment I so desperately needed. My lawyer had me look into BridgePoint. The amazing people that I dealt with were so helpful that words do not describe it. They were very pleasant, caring, and understanding to the situation I was in. The whole

process was as quick as they said it would be online, and was handled with the utmost professionalism and respect. I would recommend BridgePoint to anyone who is in this kind of situation without a doubt. They are very fair, and very committed to helping those in need. From the bottom of my heart, I would like to truly thank BridgePoint Financial for relieving the stress that has been put on my shoulders.”

**CLIENT OF GOLDSTEIN, DEBIASE MANZOCCO**

“One of the worst experiences in life is to be deprived of your future, health, employment and savings through no fault of your own. The motor insurance system in British Columbia is so fatally flawed that motor accident victims - those whom police and witnesses judge to have zero fault or liability in the accident - will normally find themselves in this predicament within a year of their lives being totally disrupted. BridgePoint made the borrowing

process as painless as possible. They were quick to respond, flexible, professional and very pleasant to do business with. I am grateful they are there as a final line of defense against a flawed system.”

**CLIENT OF TAYLOR AND BLAIR**

“My wife and I were involved in a motor vehicle accident, and my wife’s injuries left her immobile. As a result, I had to stop working to look after her. Our insurance benefits helped with some financial obligations, but we still fell short financially each month and the banks and trust companies would not help us in our situation. That is when a friend connected us with BridgePoint Financial. We would like to thank you for everything you have done for us. If not for your help, we would be in a very bad situation.”

**CLIENTS OF LAUSHWAY LAW**

what my family and I have been going through as a result of my injuries. There are no words to express my thankfulness to BridgePoint, and on behalf of my family I would like to simply say thank you for being there when I thought everything was lost.”

**CLIENT OF LERNERS LLP**

“Thank you BridgePoint. Aside from the damage caused by the accident and resulting permanent injuries, the damage caused by the stress of learning to cope with

these injuries and the changed reality of now not being able to work at a job that I loved, the stress of trying to pay bills and make ends meet on severely curtailed income, a disappeared investment account and continued stalling by the defendant insurance company was close to overwhelming. BridgePoint changed all that. Now I have breathing space and the much-needed funds to carry on with my life. Thank you BridgePoint!”

**CLIENT OF SINGER KWINTER**

“Bridgepoint was my saving grace, not only did they pull me out of a hole, they helped to make sure I didn’t fall back in. Their service was fast, friendly and effective! Thank you so much everyone on the Bridgepoint team!”

**CLIENT OF PRESZLER LAW**

“I was very satisfied with my experience with Bridgepoint, everyone was very helpful and friendly, all my questions were answered quickly and professionally. I would highly recommend anyone to Bridgepoint.”

**CLIENT OF AUGER HOLLINGSWORTH**

“BridgePoint stepped up and made resources available to me and my family at the most critical time in our life. After a car accident left me unable to work for eight months and I began my case against the insurance company, the bills kept piling up. After securing a small loan with reasonable interest rates, I consolidated my outstanding debts and more importantly, gained the peace of mind that everything was going to be okay. Everyone at BridgePoint has made me feel valued and important. When my regular bank of 18 years was slow to respond to my needs, BridgePoint has been there for me. If anyone out there is in a similar situation and has concerns about what tomorrow might bring to you and your family (and the wolves are at your door), call BridgePoint – they will be there for you.”
